

Peer Support Groups

Ages 14–18

Brighton, Hastings & Eastbourne

What are Peer Support Groups?

Our groups are a safe, friendly space for young people to connect, share, and explore their experiences at their own pace.

If you're aged 14 to 18 and something sexual has happened to you that didn't feel right or wasn't your choice, you're welcome at our groups. You're not alone, and this is a safe, supportive space where you can just be yourself.

Our groups are relaxed and friendly, and you can share as much or as little as you want; there's no pressure.

How do the Groups Work?

Each program runs for about 10 weeks, with a two week break inbetween rollouts. Lots of clients stay in group for longer than the ten weeks. Sessions are relaxed and flexible, with a simple structure:

- **A quick check-in to see how everyone is feeling**
- **Introduction of the weekly topic**
- **Discussion and creative activities (completely optional)**
- **Check-out to finish the session**

Topics include understanding trauma, self-care, grounding techniques, emotional expression, personal safety, boundaries, and empowerment. There's also time to revisit topics if you want to explore something again.

Attendance & Flexibility

You don't have to come every week. You can join, take a break, and come back whenever it suits you, just let the facilitator know. Groups are set up depending on who has signed up and are usually split depending on gender and age, so younger and older participants can feel comfortable. These groups are trans and non-binary inclusive.

Our goal is to create a supportive, safe environment where everyone feels heard, valued, and able to join in however they want.

Activities

We offer fun creative options like candle or perfume making, painting, felting, and slime, but you don't have to join in. Some sessions are just for relaxing, chatting, or enjoying a hot drink. You can participate however you feel comfortable.

Your Voice Matters

Every session has a suggestions box where you can anonymously request topics or ask questions. This helps us make the group fit what you need and want to explore.

What Happens Next?

When you turn 18, you can either join an older young peoples' group or move to adult wellbeing activities like yoga or mindfulness.

I'm nervous about coming to the group. What can I do?

We recognise that attending a group for the first time can be difficult. There are a few things we can do to make you feel more at ease...

- **You can come along to meet the facilitator or have a phone call beforehand.**
- You can leave as soon as you choose.
- **We can arrange for you to be met at the door by Emma.**
- You can also come and see the room and building before attending.

Who will be there from Survivors' Network

Our groups are run by **Emma**, our Groupwork Facilitator. **Emma** has over 30 years' experience of working with survivors of sexual violence, both internationally and in the UK. Emma is completely unshockable, incredibly creative and loves doing fun new things in groups. Emma has a dog called Merlin and loves making things, painting, walking Merlin, and anything that involves being outdoors.
